

Hidden gems of the week...

APRIL 7, 2019

SATURDAY (4/13): Rose Cora Perry & The Truth Untold @ LiveWire Lounge (3394 N. Milwaukee Ave.)

The award-winning Canadians of Rose Cora Perry & The Truth Untold will be playing in Chicago as part of Chicago's 2-day International Pop Overthrow. The band is excited to play material from their forthcoming debut EP *Other Side Of The Story* which sees a rockified version of Perry's solo work. Deciding to form The Truth Untold in 2016 to accompany her on tour, the band has already opened for bands like Smashmouth, been handpicked by the Warped Tour's founder to play the final Warped Tour, and was selected as the only Canadian act to showcase at Summer Namm, the group is said to capture the vocal essence of Benatar paired with the punk rock sensibility of Jett. Rose Cora Perry & The Truth Untold will be taking the stage at 2:45 pm on Saturday April 13th. Admission is \$10 and the event is 21+. In the meantime, check out their single "Easy Prey" [here!](#)
